

Corporate Social Responsibility and Sustainability

This Policy Statement sets out how Lorne Stewart Group and its operating Companies define Corporate Social Responsibility and Sustainability and how we ensure its implementation within our day to day operations and the wider community in which we live and work.

We define Corporate Social Responsibility as: "Lorne Stewart's sense of responsibility towards the community and environment (both ecological and social) in which we live and operate".

We define sustainability as: "Meeting the needs of the present without compromising the ability of future generations to meet their own needs".
